Winter Service Inspections

Services

Our Winter Inspection Program is designed to help eliminate downtime and decrease the chance of serious failures during the next season's use. Detecting potential problems before they happen allows you to save on parts, avoid rush deliveries & help you stay in the field when it matters most. Our inspections will include estimates on the following functions:

- Traction & PTO Clutch
- Engine HP
- Batteries & Electrical System
- Fluid Levels / Condition
- Axle Bearings
- Neutral Safety Switch
- A/C System
- Main Hydraulic Pressure
- Lights & Turn Signals
- Belt Tension / Condition
- Cab Heater Controls

Equipment

We provide inspections on the following:

- Tractors - Standard, Row Crop, & 4WD
- Combines
- Sprayers
- Harvesters
- Planters
- Corn Heads
- Grain Platforms

Seed Meters

Our certified technicians will run the proper diagnostics on your meter to determine if adjustments or repairs need to be made.

Schedule your seed meter testing now through January 31, 2015 to receive 10% off parts & labor. Schedule your service in the month of February and receive 5% off!

Financing

Managing your cash flow is very important. The John Deere™ Multi-Use Account increases your purchasing power and allows flexibility with payments.
